

Jalon Hill
Q City Metro

For The Culture will be broadcasted live and on air from the same facility, Legacy Music Co. On March 11, 2023, at 4:00 PM EST, Legacy Music Co. presents its first mixer event for students.

For The Culture gives our youth the chance to experience what it's like to work in the entertainment and music industry. This function is designed for ages 13 and up, but parents/guardians are encouraged to attend.

I'm reaching out to you because not only does Q City Metro embody the "Culture", it IS the "Culture". Since its cultivated for the Black community and are presented from a Black perspective, it is only right to contact you. More specifically, your articles are some of the best I've read on the site. Such as your "Is Controversy Now Hurting Da Baby's Career" article. Giving facts with realism from random peoples' tweets and their take on the situation is the type of articles that break through.

I would love to have the opportunity to interview.

Sincerely,

Quentin Nash
